

MANNA FUND EVENT SPONSORSHIP AND COMMERCIAL MEDIA OPPORTUNITIES 2021

Manna Scholarship Fund, Inc. (Manna Fund) was developed to provide payment assistance for people with eating disorders (and now, trauma issues) towards treatment. This is to help fray costs due to the inadequate insurance coverage or for those with no insurance. The scholarships given alleviate the high cost of specialized care. By supporting the community, Manna is also helping families avoid the difficult decision between getting necessary, life-saving treatment for a loved one vs. dealing with the exorbitant cost of care.

Through your generosity, you are changing and saving lives. Small steps today make big impacts in our community forever.

OUR MISSION

To address the epidemic of eating disorders by providing prevention programs, education, research, and financial assistance for treatment to all qualified individuals through well-administered programs.

We invite you today to participate and support Manna Scholarship Fund as we continue to provide local therapeutic services and scholarship funds at all levels of care for those in need.

Please join us in supporting eating disorder recovery by signing up for our year-round event, commercial media, and fundraising opportunities. It is a perfect way for you to show your support in our community!

A Message From Our Founder

Dear Friend of Manna Fund,

Manna Fund is thrilled to announce that we are seeking strategic partners for the 2021 calendar year. As we all know, this year is different in so many ways and the need for the services that Manna Fund provides has never been greater. Act now to join Manna Fund and choose your unique level of support for this year; become an event sponsor and media partner today.

As the founder of Manna Fund, I have experienced much — both struggles and successes as Manna Fund has grown over the past fifteen years. We have learned that twenty-three people die each day from an eating disorder. The issue is that most people do not know how to deal with emotional pains and struggles. This causes them to not reach out for support and the financial burdens also prevent them from getting the therapy that they need. At Manna, we treat the whole person — body, soul and spirit. Our mission is to take people from "Surviving to Thriving to Leading."

We need your help now more than ever before.

Our newly revised Manna Fund Event Sponsorship and Commercial Media Opportunities program pairs Manna Fund's unique calendar of events, ranging from our Valentine's Day 'Bubble and Berries' to our new signature broadcast fun and fundraising event, 'So You Think You Can Sing." There are also several special opportunities available such as the "Food, Faith, and Feelings" Podcast as well as membership in the growing 'Manna Fund Angel Society".

Only a short few weeks ago, a previous Manna Fund recipient lost the battle with her life-long eating disorder. She struggled for more than 30 years, but eventually passed due to the effects of life-long starvation. The Manna Fund family mourns with her family.

As Manna Fund continues to grow, we will support more individuals, families, and provide emotional and financial hope to those that are in pain.

I respectfully ask that you join us on this journey of saving lives.

Elizabeth & Bond
